

Year 3

Spring 2 Newsletter

Welcome Back!

This half term your child will be covering the topics light and different places, similar lives.

In **English** we will be looking at dilemma stories and biographies. Looking at the stories 'The tunnel' and 'My name is not refugee.'

In **Science**, we will be focussing on light and shadows. Investigate different light sources, learning how we create shadows and creating our own shadow puppet show.

In **Mathematics** the children will continue learning about time, looking at both analogue and digital times. We will also be looking at measurement of length. Time is a topic the children are still struggling with, so I would appreciate the continued support to help them learn this at home.

Welcome back to our final spring term!

This half term we lots of exciting things to look forward to!

Year 3 are continuing to work hard on their spellings and times tables. Please can I ask this is encouraged at home. From just looking at them together or accessing the wide range of free online games/activities that are available for both.

Please may I also remind you about Mathletics, which has a variety of activities on to support the children with all aspects of maths, through games and activities which engage them.

Last half term, Year 3 enjoyed a visit from members of Google to tell them all about being safe online, they all became Internet Legends! We also became design engineers for a week, carrying out a project we were given from the James Dyson Foundation.

Thank you for your continued support.

Year 3 Team

Things to remember:

- ☺ PE is on Mondays and Tuesdays — please ensure children have the correct kit in school for outdoor and indoor games.
- ☺ Please remember to send children's book bags daily so that they can read to an adult at some point during the week.
- ☺ Spelling and times tables test will be on a Friday.
